So what happened?

- Some BoS races too close to call
- BoS will probably stay around 7-4 prog/mod
 - (perhaps 2 and 10 flip?)
- DCCC/LC influence lost ground
- City went pretty fiscally/socially conservative on ballot measures
 - Continues trend of moderate city, liberal districts...therefore...

Implications for Mayor

- Old board or new board?
- Old board goes left, new board a little more likely for interim
- Numbers aren't adding up for Peskin, Chiu in better position
- Clear that city won't vote for progressive mayor – even if they force someone in, will he be voted out?
