- **Caltrans/Amtrak San Joaquin:** \$41 Million, Construction of New Track to Increase Service
- **Altamont Commuter Express (ACE):** \$11 Million, Stockton Passenger Track Extension
- **Sacramento RT:** \$30 Million, Intermodal Facility Improvements

CALTRAIN ELECTRIFICATION PROGRAM

- **\$705 Million** Investment
- Provides Passengers with Immediate Benefits
- Upgrades Existing Rail Lines
- Improves Performance by **Electrifying Corridor**
- Installation of Advance Signal System/Positive Train Control
- Purchase of New Electrified Rail Vehicles

MILESTONE SCHEDULE*

*Preliminary/Subject to Change

ENVIRONMENTAL REVIEW PROCESS: Next Steps

- **The Authority and the FRA are jointly preparing environmental documents for the high-speed rail program in accordance with NEPA and CEQA**
 - » NEPA is the federal National Environmental Policy Act
 - » CEQA is the California Environmental Quality Act
- **We have established a schedule to complete the environmental process by December 2017 for all project sections**

ENVIRONMENTAL REVIEW PROCESS: Next Steps

- The Authority and FRA intend to identify a preliminary preferred alternative in the Draft EIR/EIS
- Past practice has been to identify the preferred alternative after the Draft EIR/EIS -- and before the Final
- FRA/CHSRA changing process to conform with federal guidance and leverage key provisions in federal transportation statute (*MAP-21*)
- The United States Department of Transportation (USDOT) encourages agencies to identify a preliminary preferred alternative in the draft environmental document

ENVIRONMENTAL REVIEW PROCESS: Next Steps

- This has been standard procedure for other USDOT sponsored projects for many years
- It is also consistent with how California agencies implement CEQA
- Identifying a preliminary preferred alternative in the Draft EIR/EIS provides the opportunity for earlier, more focused review and comment on that alternative -- in addition to the other alternatives in the Draft EIR/EIS
- Identifying a preliminary preferred alternative at the Draft stage does not in any way represent a final decision which can -- and will -- only be made at the conclusion of environmental review

ENVIRONMENTAL REVIEW PROCESS: Next Steps

- **Before the Draft EIR/EIS is issued, staff will begin developing a preliminary preferred alternative which will:**
 - » Be based on analysis completed to date, and
 - » Reflect public and stakeholder input to date
- **Staff will conduct public outreach to review what it anticipates recommending to the Board of Directors and to keep the public informed about the process and next steps**
- **Staff will present its recommendation to the Board for consideration**
- **The Board will either concur with staff's recommendation or modify it**
- **The preliminary preferred alternative identified by the Board will be included in the Draft EIS/EIR which will be issued for public comment**

SAN FRANCISCO TO SAN JOSE: Upcoming Outreach

- **October 2016**
 - » Community Working Groups meet
 - » Community Open House Meetings
 - San Francisco
 - San Mateo
- **November 2016**
 - » Community Open House Meeting
 - Sunnyvale

HIGH-SPEED RAIL AND SMALL BUSINESSES

SMALL BUSINESS PROGRAM

SMALL BUSINESS PARTICIPATION*

AS OF MARCH 2016

Doing Business with High-Speed Rail

The Office of Contracts and Procurement (Contracts Office) provides purchasing authority for the California High-Speed Rail Authority. Responsibilities include preparing all bid documents and awarding contracts as well as assuring compliance with all legal requirements in the procurement process.

The Contracts Office is responsible for procurement and contracting of Non-Information Technology (Non-IT) and Information Technology (IT) goods and services are included but are not limited to developing purchase orders for goods and services, preparing service contracts, consultant service agreements, interagency agreement, public entity contracts, architectural and engineering contracts and design-build construction contracts.

All solicitations and addenda documents issued by the Contracts Office are located at Bidsync. To learn more visit the [California Department of General Services eProcurement](#).

If you have questions or comments related to contracts or procurement, please feel free to contact the Contracts Office at 916-324-1541.
