***Chair, California Air Resources Board***

# Air Quality & Climate Change Goals

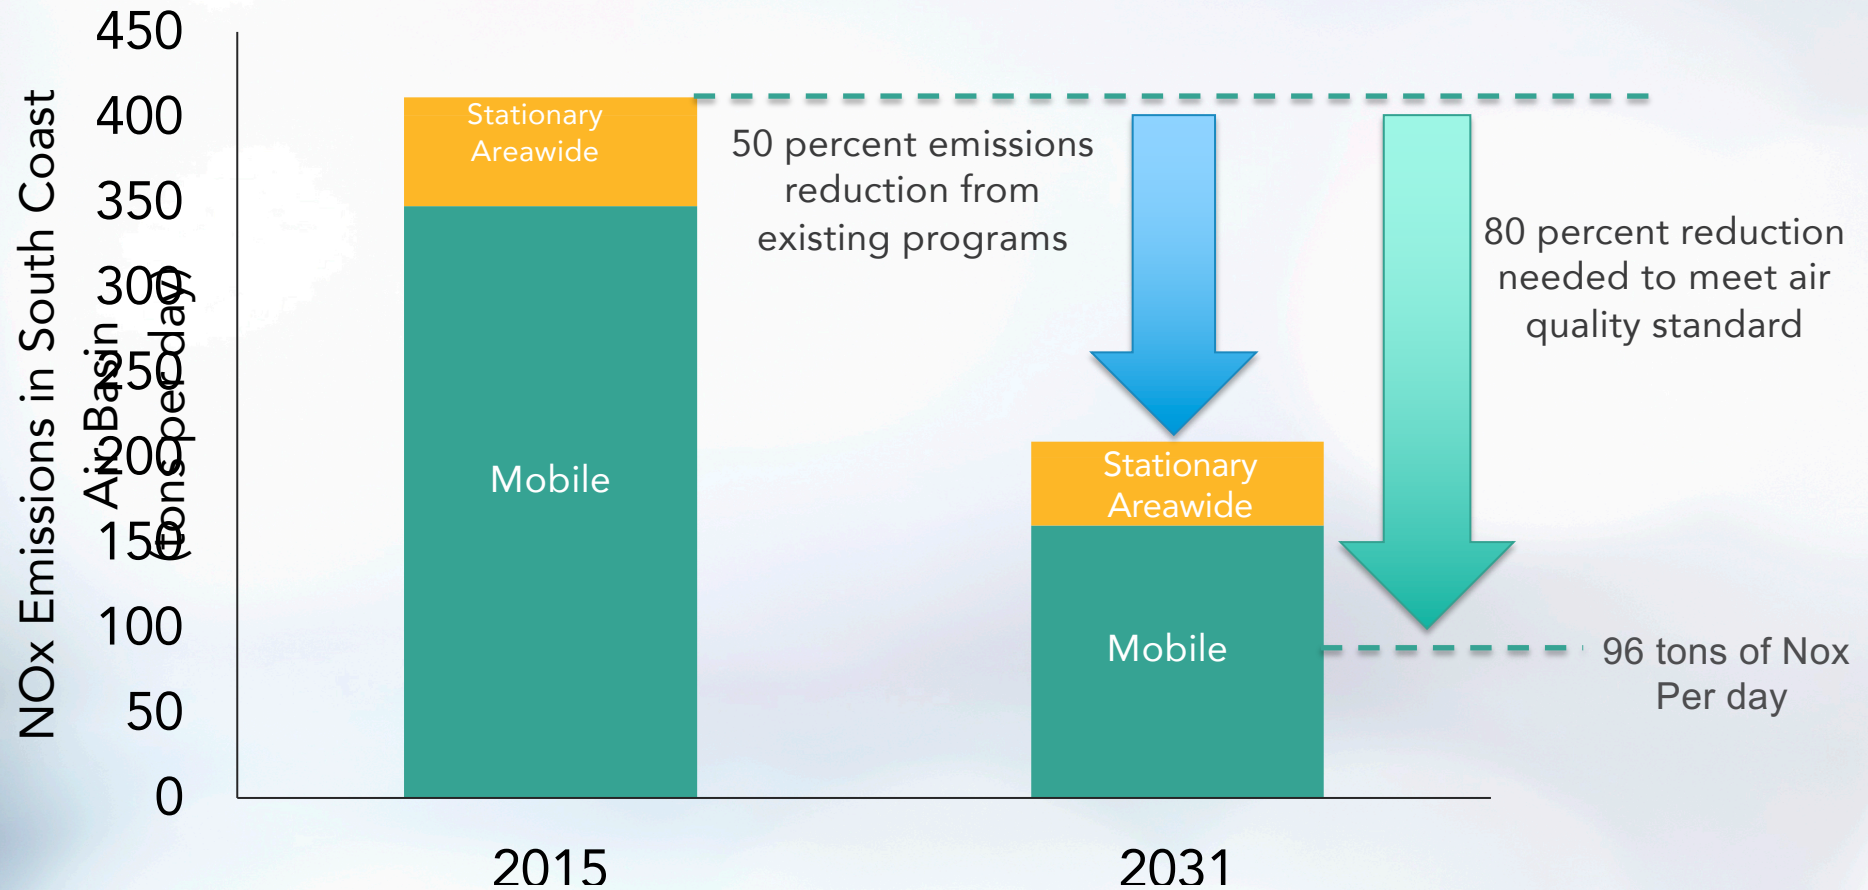

# Scoping Plan: A Holistic Approach

- Define clear goals and targets
- Recognize the interplay between sectors
- Use innovative approaches to spur clean technologies to reduce emissions

# Improving Air Quality

# 100% Zero-Emission Vehicles

- Governor Newsom Executive Order
  - 2035: All new passenger vehicles sales
  - 2035 Drayage and Off-road vehicles
  - 2045: All medium and heavy duty vehicles
  - Accelerate charging/fueling Infrastructure & Focus on Disadvantaged Communities

# The Target: Mid-Century Carbon Neutrality

- IPCC Report – Carbon Neutrality by 2045 may hold Global warming to 1.5°C
- Reduce fossil energy and natural and working land emissions; evaluate potential sinks
