01:06:33 Kelly Kent: I didn't understand what Dr. Blumenfeld was describing that got "pulled out of the bill" with respect to revenue. Could it be restated please?

01:09:43 Chris Reeve, CSBA: Happy to provide resources and answer questions if folks are interested in learning more about CSBA's work to assist school boards in exploring this option. My email is [creefe@csba.org](mailto:creefe@csba.org).

01:10:35 Al Grazioli: We have third parties managing the three housing developments we partnered in

01:11:00 Jane Blumenfeld / cityLAB: Legislators did not want any revenue from projects directed to the general operation of individual schools. I believe they thought that this would be unfair and potentially an incentive to create projects for the purpose of gaining revenue when there is a legislative process for schools to obtain general operating budgets.

01:11:39 Andrew Lie: Jefferson Union HSD we created a non-profit housing corporation with its own board to separate the operation from the school district - and that non-profit corporation hired the third party property manager.

01:12:08 Kelly Kent: Hi Mr Lie! We're voting on Brookwood's contract tonight!!

01:13:10 Andrew Lie: Dr. Kent - great!
