Vision of SSP Redesign

- **Increased Access**
  - Mobile-First Design
  - More services to more people
  - Increase Adoption

- **Remove Barriers**
  - Make It Easier To Use
  - More Guided Flows
  - More Notifications & Reminders

- **Continuous Improvements**
  - Usage Trends / Patterns
  - Drop-off Points
  - Feedback for Improvement

- **Align DCBS Staff**
  - More Time With Client
  - Help Improve QA / QC Metrics
  - Reduce Rework
Goals of SSP Redesign

To ultimately increase adoption and remove barriers...

- 30% increase in unique users logging in per month
- 40% increase in unique community partner logging in per month
- Increase from 10% to 20% in App Intake thru self-service channel
- Increase from 8% to 30% in Documents Uploaded thru self-service
- 40% usage target for mobile device usage
- 8% decrease in Call Center volume for Benefind self-service related calls to reduce wait time

*Goals for self-service are targeted after one year of implementation based on experiences and outcomes in other states that successfully launched SSP*
